

PICKS AND CUTTERS

MUMME
— TOOLS —

Crafted Tough Since 1936

Blades are curved and weighted to help reduce back strain when digging/cutting

Plumbers Pick

- Double chisel ends for trenching, digging and breaking up soil and clay

Mattock Cutter

- Wide blade for trenching and extracting stumps and roots, offset chopping blade for cutting through roots

Mattock Pick

- General use pick for breaking up soil and digging

Miners Pick

- Sharp pointed ends are used for mineral exploration and gemstone fossicking

Road Pick

- Chiseled, pointed ends used for roadworks, digging, breaking up soil, asphalt and other hard ground

Why Support Mumme Tools?

At Mumme Tools we are proud supporters of local Australian made products.

Our workshop, located in Lonsdale, South Australia is operated by skilled craftspeople that take pride in the quality products they make.

Our products are made tough, thanks to a passion for hand forging, pressing, grinding and packing here in Australia. All whilst using premium materials.

The quality speaks for itself with our range preferred by industry professionals.
