

RENO BAR

MUMME
TOOLS

Crafted Tough Since 1936

- Great for DIY jobs and renovation/demolition work
- Ergonomic, lightweight tool is set to the optimal angle for working on flooring and walls
- Wide and flat ends remove timber decking and floorboards without damaging them
- Perfect for removing and demolishing stud walls and dismantling pallets
- Finely ground edges get into tight gaps, making demolition work more efficient

Why Support Mumme Tools?

At Mumme Tools we are proud supporters of local Australian made products.

Our workshop, located in Lonsdale, South Australia is operated by skilled craftspeople that take pride in the quality products they make.

Our products are made tough, thanks to a passion for hand forging, pressing, grinding and packing here in Australia. All whilst using premium materials.

The quality speaks for itself with our range preferred by industry professionals.
